Tips	Best to clean when there is no direct sunlight	Boil and cool water, voila distilled water! Try grapefruit or lemongrass oil for an invigorating fresh scent	Spray in tub or on glass doors, let sit for 15 minutes Scrub & rinse	Spray down your shower after you shower, it smells great and slows the growth of bacteria
	*	*	*	*
Caution	Vinegar damages granite, marble & other stone	Don't use on wood, it has a drying effect	Vinegar + Bleach = Toxic Chlorine Bleach which is very DANGEROUS!	It smells so good! Don't go crazy, it's not a neti pot.
	*	*	*	*
Live a Little!	Spray on a microfiber cloth and clean your flat screen TV	Use on stainless steel since it's already in your hand	Dealing with serious soap scum: after you spray throw on baking soda. Crazy!	Spray your toothbrush with it too
